Dear Sir or Madam

RESIDENTS NEWSLETTER

As advised in Newsletter No.1 (issued in May 2008), the purpose of this letter is to ensure we keep you updated on the progress of the new Integrated Care Centre and future programmed works.

To date we are making good progress despite the unpredictable Scottish weather. We have completed the foundations, steel frame and 2 of the 3 concrete floor slabs, with the 3rd programmed for the end of August beginning of September.

Forthcoming works over the next 2-3 months will be to complete the building envelope, and commence the internal fit out.

Newsletter No.3 will be issued at some point during November, hopefully informing you of further good progress.

In the meantime if you have any questions/queries relating to the development, please feel free to contact Sandra Adams of Kirkintilloch's Initiative on 0141 578 8272.

Yours faithfully

Callum Haining
Project Manager
